

QUALITY POLICY STATEMENT & OVERALL OBJECTIVES

We are committed to continual improvement of our integrity system.

The integrity policy and objectives are mandatory to all employees of Sigma Oil Services.

Our Strategy

Sigma Oilfield Solutions LLC Company's strategy is sound, simple and deeply embedded: through utilizing our unique competitive advantages, we will lead business to success in the marketplace by meeting and exceeding customer satisfaction over the long run by consistently meeting their needs.

Our Mission

Sigma Oilfield Solutions LLC Company stands committed to be involved as good services provider/ product supplier wherever we are around the world by creating a work environment and culture based on dealing customers and clients with intellectual honesty, integrity, teamwork, respect and desire to create real value for the services provided. Sigma Oilfield Solutions LLC Company will preserve the environment, respect and implement safety regulations. Through all of this we will prove to be the worldwide leader in industry trade.

Our Vision

Sigma Oilfield Solutions LLC Company's vision to give a technique used to harness the power to come up with creative solutions to any problem by complying industry standards. While at the same time setting goals for moving customer care to a higher level within a given time period.

Our Values

Sigma Oilfield Solutions LLC Company is proud of their values and uses them to attract new customers. Sigma Oil Company is committed to the principles of value based leadership as follows:

Our Goal- Sigma Oilfield Solutions LLC goal is Continually Improving our Health Safety and Environmental performance.

Delight the Customer- This is the main driver of our business. The value applies to both internal and external customers.

Innovation- Central to the success of our business.

Our People are our Strength- Only by employing the best will we become a great company. We must create an environment for team work spirit, growth and development.

Strategic Alliances and Partnerships- Only through mutually beneficial relationships with customers, suppliers and team members; Sigma will develop to its full potential.

Safety, Health, Environmental and Quality Policy- Are non-negotiable. In Sigma Oil Services, we strongly believe that all accidents, whether they may lead to injuries, ill-health, damage to the environment, property damage, fire or security breaches, are preventable and controlled through good management. We are committed to the well being of our employees and the preservation of the environment.

A learning Organization- Create an environment for individual and organization learning.

Performance Culture- Our best might not be good enough. We need to do what is required to achieve our goals.
